

Dice Game

Supplies:

Wooden tongue depressors (four per player)

Markers or paint

Dry beans for counting

Instructions:

- Paint one side of the tongue depressors with your own design. Leave the other side blank.
- Take turns tossing the sticks ("dice"). When the painted side lands face up it's worth two points. The unpainted side is worth only one point.
- Keep score using the counting beans. The first one to reach 20 is the winner.
